Meet and Greet / Reception takes place in the Driscoll Fellowship Hall at Good Shepherd Lutheran Church

Good Shepherd Lutheran Church and Day School Celebrates the Completion and Dedication of the Schantz 926 Pipe Organ with Celebration Concert and Reception

The congregation, leadership, and staff at Good Shepherd Lutheran Church and Day School will dedicate the church's newly completed Schantz 926 pipe organ...one of the large authentic pipe organs in southwest Florida... with blessing liturgy, a celebratory concert, a "highlights of the organ" tour, and a meet and greet wine and hors d'oeuvres reception with the performers and organ builders.

On Sunday, November 18, 2018 at 4:00 PM, join us in the Good Shepherd Lutheran Church Sanctuary as Pastor Stephen Kauffman leads the dedication of the Schantz 926 pipe organ. Following the dedication, Music Director Jacki Scott has planned a program featuring herself and Keith Schenck at the organ, along with an array of instrumentalists including trumpeter Mike Tranchida, flutists Rachel Peterson and Holly Schenck, pianists Carol Brown and George Algozzina, soprano Carol Wygle, and a special appearance by the Citrus Community Concert Choir under the direction of Karen Medrano, joined by the Good Shepherd Choir.

Immediately following the dedication and concert at approximately 5:15 PM, Good Shepherd will host a meet and greet wine and hors d'oeuvres reception with an opportunity to become acquainted with the performers in Driscoll Fellowship Hall. An informative talk and tour of the organ will also be conducted during this time in the Sanctuary by Jim DeMauro, the organ project manager, benefactor, and founder of the "Friends of the Good Shepherd Organ" group.
