

ALOA (Adult Lutherans Organized for Action) is in mission to encourage and equip congregations for ministry with older adults. The organization:

- Helps congregations strengthen their ministry by providing information, webinars and links to valuable resources; and
- Encourages older adults to affirm their gifts and use them in service to family, church, community and the world.

ALOA's Florida Region additionally sponsors events that support and encourage discipleship among older adults. *Empowering Elders*, a joint conference of ALOA Florida and POAMN (Presbyterian Older Adult Ministry Network) is planned for October 7, 2021 in Lakeland. ALOA Florida projects include LIV-UP (Lutheran Intentional Village-Upper Pinellas), which helps enable older adults to "age in place" by offering a helping hand, social/educational activities and transportation to its members and provided by volunteers.
