2025 Rostered Minister Suggested Minimum Compensation Guidelines Worksheet

The Rostered Minister Suggested Minimum Compensation Guideline Worksheet is intended to assist congregations in developing appropriate compensation for rostered ministers at the time of call AND annually thereafter. Specifically, it provides guidance to assist congregations:

- in determining a baseline level of compensation, and
- by providing a process to use during the annual evaluation and review of total compensation for rostered ministers.

The Compensation Guidelines are reviewed annually by the Office of the Bishop and provided to congregations, typically in late summer.

Congregational leaders and rostered leaders are expected to continuously engage in mutual conversations regarding expectations of both parties and progress in meeting agreed upon objectives. Yearly this review will include agreement about the ministry goals as well as salary compensation and other aspects of the total compensation package. This review should lead to a recommendation to the congregation for the total compensation the following year.

The Florida-Bahamas Synod seeks to support these reviews with guidelines and basic compensation information. As provided in these guidelines, it is the responsibility of the congregation to approve the annual compensation, considering the following during the course of the review and conversation:

- Does our leader bring special skills to this ministry that ought to be compensated additionally?
Does our leader bear significant added administrative/leadership responsibility?
- During the past year, has our leader met the ministry goals that were mutually established? Did our rostered leader complete the required 50 hours of continuing education this year? Are we expecting our leader to take on new responsibilities in this coming year?
- Are there any unique financial considerations we should address in order to allow our leader to better serve our community?
- Does our congregation have the financial ability to meet the annual compensation guidelines?
